

Batch Bun Toaster Product # 212-GFCCE

The Prince Castle Batch Bun Toaster is designed to perfectly caramelize large quantities of buns easily and quickly. This toaster ensures uniform heat throughout the bun, and seals its surface against saturation by condiments. Model 212-GFCCE features an adjustable cycle timer and an adjustable thermostat. A stainless steel bun board with a heavy-duty insulated handle ensures proper crush for perfect caramelization. The toaster holds up to 12 complete buns at a time and adjusts to accommodate different thicknesses.

Product Features

- Toasts up to 12 complete buns at one time.
